#### **Note 1 - General information**

Rhenman & Partners Fund (the "Fund") is an open-ended mutual investment fund set up under the laws of the Grand Duchy of Luxembourg as a "Fonds Commun de Placement" ("FCP") registered pursuant to Part II of the amended Law of 17th December 2010 (the "2010 Law") relating to Undertakings for Collective Investment and qualifies as an Alternative Investment Fund ("AIF") in accordance with the law of 12th July 2013 (the "2013 Law") on Alternative Investment Fund Managers.

The financial year of the Fund ends on 31st December.

The financial statements of the Fund are expressed in EUR and correspond to the financial statements of the sole Sub-Fund open.

The Net Asset Value per unit of the Sub-Fund is calculated monthly as of the last Business Day of each month in Luxembourg ("Valuation Day"), under the overall responsibility of the AIFM.

The Net Asset Value per unit of each class, subscription and redemption prices in the Sub-Fund are available at the registered office of the AIFM.

Financial reports of the Fund are published annually and semi-annually. These reports, as well as the sales prospectus and other information concerning the Fund are available at the registered office of the Management Company, the Global Distributor or its Agents (if any) and the Depositary.

#### Note 2 - Significant accounting policies

#### a) Presentation of the financial statements

The financial statements of the Fund are prepared in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg. The financial statements follow the presentation as defined by Article 104 of the Commission Delegated Regulation (EU)  $N^{\circ}$  231/2013.

The financial statements of the Fund have been prepared on a going concern basis.

#### b) Valuation

- 1) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- 2) The value of assets, which are listed or dealt in on any stock exchange, is based on the last available price of the last business day on the stock exchange, which is normally the principal market for such assets.
- 3) The value of assets dealt in on any other regulated market which is recognised, operating regularly and open to the public (a "Regulated Market") is based on the closing price of the last business day.
- 4) In the event that any assets are not listed or dealt in on any stock exchange or on any other Regulated Market, or if, with respect to assets listed or dealt in on any stock exchange, or other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (2) or (3) is not representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the AIFM.
- 5) The liquidating value of options contracts not traded on exchanges or on other Regulated Markets is their net liquidating value determined, pursuant to the policies established by the AIFM, on a basis consistently

#### Notes to the financial statements (continued)

as at 30th June 2025

applied for each different variety of contracts. The liquidating value of futures, forward or options contracts traded on exchanges or on other Regulated Markets are based upon the closing prices of these contracts on the last business day on exchanges and Regulated Markets on which the particular futures, forward or options contracts are traded by the Fund; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors of the AIFM may deem fair and reasonable.

- 6) Units or shares of open-ended underlying funds are valued at their last determined and available Net Asset Value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors of the AIFM on a fair and equitable basis and in good faith. Exchange Traded Funds ("ETFs") are priced as assets listed or dealt in on any stock exchange.
- 7) All other securities and other assets are valued at fair market value as determined in good faith pursuant to the procedures established by the AIFM.

#### c) Acquisition cost of securities

The acquisition cost of a security denominated in a currency other than that of the Sub-Fund is converted to the Sub-Fund's currency at the exchange rate prevailing on the date of purchase.

#### d) Net realised gain/(loss) on securities portfolio

The net realised gain/(loss) on securities portfolio is determined on the basis of the average cost of securities sold.

#### e) Investment income

Dividend income is recognised on an ex-dividend basis and is recorded net of withholding tax.

Interest income is accrued on a pro rata temporis basis, net of any withholding tax.

#### f) Exchange translation

Bank balances, other assets and liabilities and the value of securities held that are denominated in other currencies than the Sub-Fund's currency are converted at the prevailing exchange rate of the closing day. Income and expenses incurred in currencies other than the Sub-Fund's currency are converted at the prevailing exchange rate of the day of each transaction.

At the date of the financial statements, the prevailing exchange rates on the closing day were as follows:

1	EUR	=	0.9343198	CHF	Swiss Franc
			7.4610052	DKK	Danish Krona
			0.8564338	GBP	Pound Sterling
			169.5504255	JPY	Japanese Yen
			11.8797949	NOK	Norwegian Krona
			11.1874889	SEK	Swedish Krona
			1.1734000	USD	US Dollar

#### g) Short sales

When a Sub-Fund engages in a short sale, an amount equal to the proceeds received by the Sub-Fund is reflected as an asset and equivalent liability. The amount of the liability is subsequently marked to market to reflect the market value of the short sale. The Sub-Fund is exposed to the risk of depreciation to the extent that the market value of the security sold short exceeds the proceeds of the short sales.

Securities sold short are borrowed from the prime broker.

#### Notes to the financial statements (continued)

as at 30th June 2025

#### **Note 3 - Dilution Levy**

Under certain circumstances (for example, large volumes of deals) investment and/or disinvestment costs may have an adverse effect on the unitholder's interest in the Sub-Fund. In order to prevent this effect, called "dilution", the Management Company has the power to charge a "dilution levy" on the issue, redemption and/or conversion of units of the Sub-Fund. If charged, the dilution levy will be paid into the Sub-Fund.

The dilution levy will be calculated by reference to the costs of dealing in the underlying investments of the Sub-Fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy will depend on the volume of issues, redemptions or conversions. The Management Company may charge a discretionary dilution levy on the issues, redemptions and conversions of units, if in its opinion, the existing unitholders (for issues) or remaining unitholders (for redemptions) might otherwise be adversely affected.

In any case, the dilution levy shall not exceed 2% of the Net Asset Value per Unit.

#### Note 4 - Management fees

The AIFM is entitled to receive out of the Sub-Fund's assets a management fee of 0.075% p.a., consisting of an infrastructure fee (0.025% p.a. with a maximum of EUR 75.000 p.a.) and the AIFM fee (0.05% p.a.).

The Portfolio Manager receives out of the Sub-Fund's assets an annual portfolio management services fees, calculated for each Valuation Day, consisting of (a) the investment management fee paid out monthly of:

- 2.00% p.a. for the classes RC1 (EUR), RC1 (SEK),
- 1.50% p.a. for the classes RC2 (SEK), IC1 (EUR), IC1 (USD), ID1 (SEK),
- 0.75% p.a. for the classes IC3 (EUR),
- 1.00% p.a. for the classes IC2 (SEK), IC2 (USD)
- 0.75% p.a. for the classes RC2 (USD),
- 0.75% p.a. for the classes IC4 (EUR).

and of (b) the research fee of maximum 0.30% p.a. paid out quarterly in arrears.

#### **Note 5 - Performance fees**

The Portfolio Manager is also entitled to receive a performance fee, payable out of the Sub-Fund's assets.

Calculation of the performance fee for all classes except for Class IC4 (EUR)

The performance fee is calculated and accrued monthly in the respective unit classes as described below and is paid out quarterly in arrears. The first period ended on 30th June 2009 and being followed by each successive quarter thereafter (the "Calculation Period").

For each Calculation Period, the performance fee in respect of each unit is equal to 20% of the appreciation in the Gross Asset Value per each Unit of that class during the Calculation Period above the Base Net Asset Value per each Unit of that class. For Class ID1 Units the Gross Net Asset Value (GNAV) used for the calculation of the Performance Fee will be adjusted by any dividend distributions made during the relevant Calculation Period.

The Gross Net Asset Value is calculated after the accrual of all fees but prior to the accrual of any Performance Fee on the relevant Valuation Day.

The Base Net Asset Value per each Unit is the greater of the Net Asset Value of that Unit at the time of issue of that Unit Class multiplied by the 3 months EURO Interbank Offered Rate on the last business day of the previous calculation period adjusted for monthly return and the highest Gross Net Asset Value of that Unit achieved as of

the end of any previous Calculation Period (if any) during which such Unit was in issue multiplied by the 3 months EURO Interbank Offered Rate for the relevant calculation period adjusted for monthly return. The calculation cannot be based on a negative EURO Interbank Offered Rate.

For the Class IC2 Units, certain adjustments will be made to reduce inequities that would occur for investors subscribing for Units at a time when the Net Asset Value per Unit is other than the Peak Net Asset Value per Unit (Equalisation).

#### For Class IC4 (EUR)

For Class IC4 (EUR) Units, the performance fee is calculated and accrued monthly and is paid out annually in arrears. The Calculation Period will start on 1st January and end on 31st December each year. For each Calculation Period, the performance fee in respect of each unit is equal to 10%.

The Portfolio Manager shall be entitled to a Performance Fee if the Sub-Fund produces an excess performance, defined as any positive difference between the performance of the current Gross Net Asset Value (GNAV) per Unit and the Base Net Asset Value per Unit for the same calculation period. If the difference is negative, excess performance is defined to be zero, and in such case the Portfolio Manager is not entitled to a Performance Fee and the negative performance at the end of any Calculation Period will not be carried forward to the next Calculation Periods. A Performance Fee will only be paid if the excess performance is above a 5% annual hurdle rate and if that is the case the Performance Fee will be calculated on the entire difference between the GNAV and the Base Net Asset Value.

The GNAV is calculated after the accrual of all fees but prior to the accrual of any Performance Fee on the relevant Valuation Day.

The Base Net Asset Value per each Unit is equal to the Net Asset Value of that Unit at the end of the previous Calculation Period.

In the case of Units redeemed during a Calculation Period, the accrued Performance Fee in respect of those Units shall be crystallized and subsequently paid to the Portfolio Manager at the end of the Calculation Period.

At the date of the financial statements, no performance fee was due for the Fund.
