Rhenman & Partners

Rhenman Healthcare Next Generation L/S

Share class: RC1 (SEK)

2026-10-30

For professional and existing investors of the fund only

Investment strategy and objective

A long-short strategy with a long-bias. The fund invests in global healthcare equities, across geographies and market caps. The fund aims to generate an average annual net return of at least 12 percent over time, regardless of the global stock market's performance.
